Making your products move

WELCOME TO CONTAINER CENTRALEN

Thank you for opting to be a part of a marvellous logistic concept enabling your company to move your goods efficiently and more cost effectively utilising our unique trolley system.

Container Centralen is a Danish Company specialising in the movement / logistics of primarily horticultural products.

Our head office is based in Denmark, although our associate companies are based here in the UK, Germany, Norway, Italy, Spain, Poland, Czech Republic, France, Holland and U.S.A.

On the following pages we hope that you will find some useful information regarding our company.

THE CC SYSTEM – OPTIONS AVAILABLE TO YOU

We are always happy to submit a quote to enable you to see which cost effective option is best for your company needs.

Long Term Hire

Initially you pay a once only upfront rental figure and a service fee covering the first year only. After this initial cost you will be invoiced on a yearly basis for a Repair and Maintenance Pool Fee.

Pool Fee

The concept is that broken items will be swapped for good usable stock so that you are not inconvenienced in the day to day running of your business. Transportation to pick up repairs is an additional service. The fee, which is charged annually, covers the cost of repair only at one of our regional depots. Some of our depots also operate independent transport companies. We can give you their contact numbers to enable you to obtain a quote directly from them.

Day Hire / One Year Hire

If you need additional stock for a short period during your busiest time, then this may be an option to consider. Prices will fluctuate depending on the time of year and which month you wish to hire the stock in – **Low or High Season**. Payment is required prior to the release of the stock. Day Hire and One Year Hire are only available to existing Long Term Hire customers.

Day hire is for a minimum of 30 days. A refundable equipment deposit is required prior to the stock being released. Thereafter you will be invoiced on a monthly basis until the stock is returned to a depot.

We are now also offering many logistic services which you may find of interest to your company. Please contact us to obtain further information / fact sheets or alternative visit our website :- www.container-centralen.com

Making your products move

WORKING PRACTICES AND GENERAL INFORMATION **POINTS TO REMEMBER**

YOUR CLIENT NUMBER

This will be found on your covering letter and contract.

All UK customers will start with **60xxxx** and all Irish customers will start with **70xxxx**.

Please remember to quote this number on

- ❖ All correspondence
- ❖ Payments made
- ❖ Fax requests regarding exchanges / repairs

REMEMBER YOUR INVOICE NUMBER

It is imperative that all cheques sent in settlement of an invoice show this number on the reverse. It is also useful if this number is quoted on any correspondence regarding payment matters e.g. UK010.....

EASIER WAY TO PAY - B A C S

- ❖ Faster way to paying through your bank
- ❖ More efficient and reliable
- ❖ Cost effective

Our Account Name is: CONTAINER CENTRALEN LTD

Our Account Number is: 51390481

Sort Code: 40 20 25

Bankers: HSBC – DARTFORD KENT

Please ensure that a remittance advice is sent to us prior to payment advising us of the transaction date and once again quoting your invoice and client number.

DIRECT DEBIT

An alternative way to pay the annual pool fee is to pay by Direct Debit. We strongly urge you take up this option to avoid reminder letters having to be sent out to you. It is very simple to set up all you have to do is complete the mandate with all your bank details and return this to us. We will do the rest and update your records in our system.

EXCHANGE OF BROKEN ITEMS

- ❖ Telephone / Fax / Email to be sent to the CC Ltd office detailing:
 - a) Quantities
 - b) Depot Preferences
- ❖ Confirmation Details faxed / emailed to yourselves and the Depot to enable you to contact depot directly to arrange an actual date and time.
- ❖ Information sheet regarding stacking details etc faxed to you for the relevant depot.
- ❖ Please ensure that the receipt is signed by both the driver and the depot representative when the stock is returned to the depot.

Recommended stacking for the return of empty CC Trolleys

Total stack weight 342Kg

Total stack weight 230Kg

Bases

Bases should be stacked **10** high with **4** posts between each base.

8 posts should be placed on the bottom base with none on the top base. For additional safety all posts should protrude from the base at one end only.

All bases should face the same direction. All CC plates and padlocks should be visible from one end for easy recognition.

Shelves

Shelves should be stacked in **30's**.

Each post has **30** holes, this facilitates easy counting if all the holes are filled.

Weights

Base: 20.4kg

Shelf: 6.5kg

Post: 3.45kg

Dimensions

Length: 1350 mm

Width: 565 mm

Height: 1900 mm
