How to return your tags:

Please place the tags in an envelope. Complete this form carefully and enclose it with the tags. Post your tags to the address above.

After receiving the tags, we will check them and send you replacement tags (or start the contract change if requested) if the returned tags are genuine and not damaged on purpose. Contract will only be reduced if the corresponding metal plates are also returned!

Please note: We only accept returns of the complete CCTAG5 RFID tags. Returning only the metal hook will not qualify for an exchange or contract reduction.
